

South Asian Newspapers

from the holdings of the British Library

IDC Publishers is pleased to present this **updated, expanded** list of 49 Newspapers from South Asia, up to 1934; more than 3,000 microfilm reels from the holdings of the British Library (Asia, Pacific & Africa Collections, APAC - formerly OIOC).

This listing has been thoroughly checked and **validated by British Library staff, guaranteeing accurate and precise numbers of reels per title**. For example: libraries and research centres with a focus on South Asia will quickly establish that whereas previous lists gave just 2 reels for the 'Madras Courier', we now report a run of 10 microfilm reels, adding substantially to the number of available volumes.

IDC Publishers is a reliable partner in satisfying your needs in **order fulfilment**. Once placed, your order of these materials is closely tracked and monitored, from presenting it to the British Library to shipping to any library or research centre in the world. IDC Publishers will gladly assist you with any queries you may have about these holdings and ordering conditions.
